STUDIO / WEBSITES WITH AN INDIAN SOUL

INDEPENDENT DIGITAL STUDIO / INDIA & BEYOND

Made with *purpose.* Built with character.

Thoughtful websites. Distinctive identities.

A little heritage. A fresh perspective.

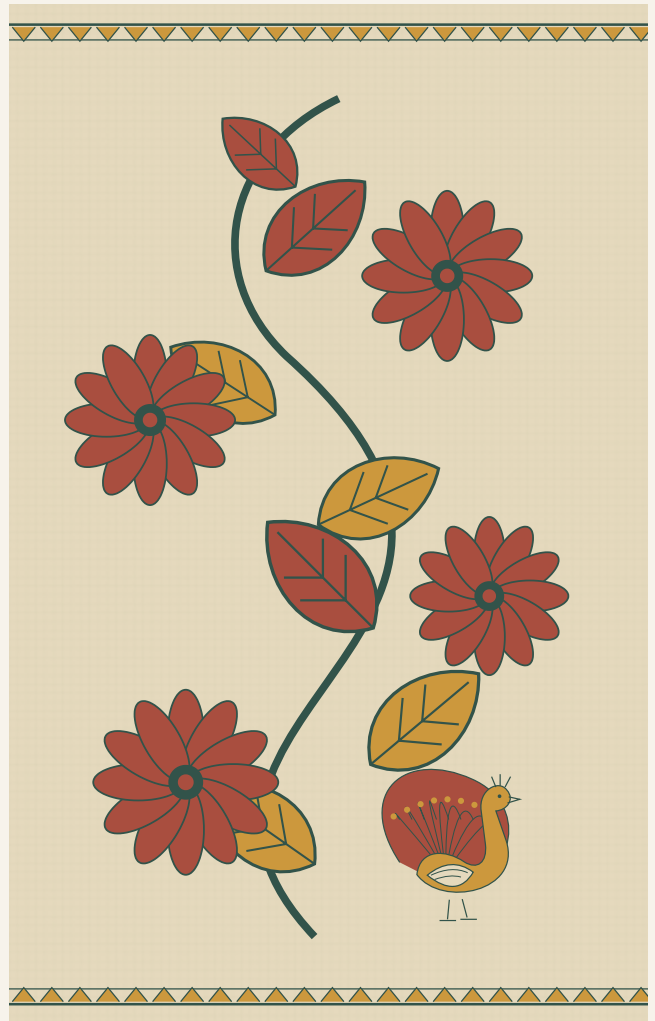

A website should *feel like you.*

Clear thinking.
Distinctive design.
Useful experiences.

Yatharth Studio is an independent, founder-led digital studio from India. We make websites for businesses and people building something of their own.

From local restaurants and coaching centres to independent professionals: we begin with what your audience needs, then give it a visual character of its own.

No invented clients, reviews or team. AI-assisted tools support the workflow; the result is reviewed and tested.

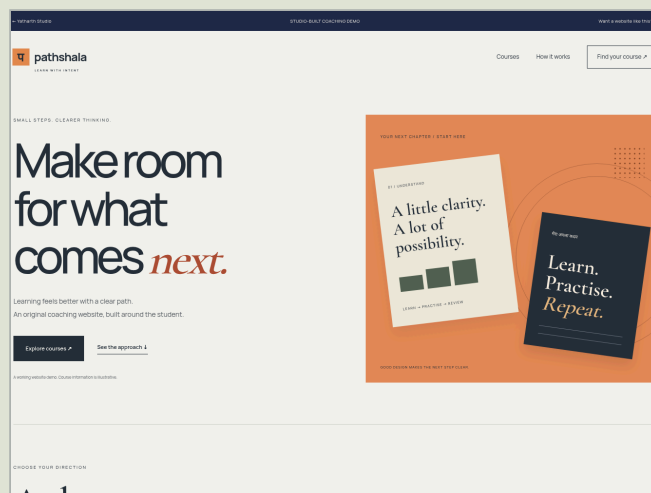

Real pages. *Working experiences.*

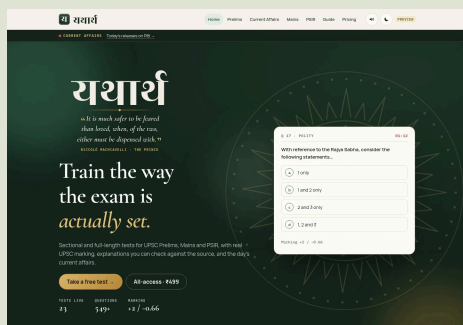

Saanjh Kitchen

Original restaurant website. Filterable menu, dietary notes and reservation-enquiry preview.

Pathshala

Original coaching website. Courses, timetable selection and enquiry preview.

Yatharth UPSC / our own product

Existing education platform. A Yatharth Studio product.

Other built demos: Aster House, Terra Objects and The Independent.

Every showcase opens a built website in the Studio portfolio. Sample brands and offerings are demo content; these are not claimed as paid client commissions. No real bookings or admissions are processed by the demos.

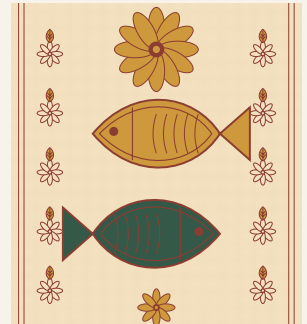

Choose your *starting point.*

Landing page

Starting from **\$150**

One page, up to six sections. Estimated 3–5 working days.

Responsive design, enquiry link, basic search setup and two revision rounds.

Personal portfolio

Starting from **\$250**

Up to three pages and a curated gallery. Estimated 5–7 working days.

Responsive design, enquiry link, basic search setup and two revision rounds.

Business website

Starting from **\$350**

Up to five pages and a performance review. Estimated 7–10 working days.

Responsive design, enquiry link, basic search setup and two revision rounds.

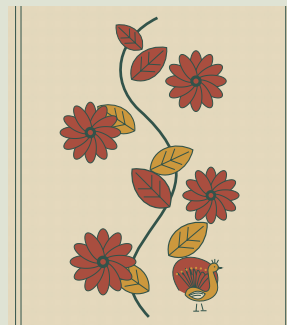

Provisional introductory guides, subject to written scope and quote. Domain, hosting, paid tools, taxes and marketplace charges are separate. Targets start when content, access and design direction are ready; client approval delays are excluded. Timelines are not guaranteed. Custom blog, owner admin, SQL backends, payments and ongoing care are separately quoted. India backend planning guide: ₹20,000–35,000 and 10–20 working days, not a market average or fixed package.

Search-ready. *Fast. Kept fresh.*

SEO enhancement / Be easier to find

Help search engines understand your business with focused titles, useful descriptions, clear headings, internal links and image text. Start with a practical SEO review and an agreed plan for the pages that matter.

Discuss your scope for a written quote.

Speed / Make a better first impression

Give visitors a lighter, smoother experience with optimised images and fonts, thoughtful loading and mobile checks. Bottlenecks are measured and improvements agreed; hosting and third-party constraints are reviewed.

Discuss your scope for a written quote.

Maintenance / Keep your website current

Keep offers, photos and business details fresh with scheduled content updates and agreed fixes. India care starts from ₹1,500/month for up to 60 minutes of updates. International and larger plans are quoted with a clear support schedule.

Discuss your scope for a written quote.

Start with your website and business goals. Deliverables, reporting and ongoing care are agreed in writing. Search results depend on content, competition and other factors; outcomes are not promised.

Understand. Shape. *Make. Launch.*

01

Understand

Your goals, audience, content and budget. A clear scope and written quote.

02

Shape

A page plan and visual direction. See the idea before the full build.

03

Make

Careful development, agreed revisions and desktop/mobile checks.

04

Launch

Approved files, a simple guide and 15 days of fixes within the original scope.

Madhubani · Warli · Pattachitra · Tanjore · Kalamkari · Gond · Phad · Indian miniature

What are you *building*?

Tell us about your business, the people you serve and what your website should help them do.

Connect on WhatsApp or email to discuss a clear scope, quote and expected timeline.
